

MEDICAL SERVICES

Holistic service offering. Tailored solution. Expert delivery.

Time is of the essence during any medical emergency. Our world-class medical staff and thorough planning ensure that you and your employees are able to access the best possible care, when you need it most.

THE CHALLENGE

Working in remote areas is a complex undertaking involving a myriad of medical challenges:

- Compliance with legislative and due diligence requirements
- Identification and assessment of medical and health and safety related threats
- Developing emergency response and evacuation plans
- Absence of appropriate medical staff, facilities and vehicles
- Sourcing and supply of medical equipment and disposables
- Cultural nuances and language barriers

THE BENEFITS

- Fully Accredited
- End-to-end solution
- Sector specific expertise
- Extensive Africa Middle East experience
- Highly trained staff

*Contact us today for complete **medical peace of mind.***
