

TAILORED SOLUTIONS FOR LIFESTYLE ESTATES

A clean and healthy living environment for senior citizens.

We understand that cleanliness is a top priority for any lifestyle estate. The question is, should you hire your own cleaning team or trust a professional company?

Here are five benefits to hiring an external cleaning service:

✓ **Cost-effective**

By partnering with Tsebo Cleaning and Hygiene, you can enhance your cashflow by leveraging the advantages of our procurement procedures. Rather than making immediate payments for chemicals and consumables at regular stores, we provide flexible payment terms of 30 days, enabling you to allocate your cash towards pressing operational needs. This way, you can optimize your financial resources and address urgent requirements more effectively.

✓ **Improves building maintenance**

Professional cleaners are experts in their field, equipped with the latest techniques and equipment to maintain high standards. They also conduct regular follow-ups to ensure your satisfaction, promoting a healthy and positive workplace.

✓ **Reduces workload**

Hiring a comprehensive cleaning service means less time spent on cleaning-related tasks, freeing up time for other important responsibilities.

✓ **Provides dependable service**

A dependable cleaning service is essential for maintaining a consistently clean and well-maintained facility. Outsourcing cleaning needs ensures availability around the clock, even during emergencies, with experience, responsiveness, and accountability.

✓ **Customisable solutions**

A professional cleaning service should have the flexibility to customise its offerings to fit your specific needs, no matter how large or complex.

OUR SOLUTIONS

Our solutions are tailored to address low, medium, and high-risk areas such as frail-care and recreational centers, accommodation, and dining halls.

We recognise the unique challenges that senior citizens face and have developed a soft skills program that enhances empathy and understanding in our staff. This results in a friendly, respectful, and caring workforce that helps to maintain the professional reputation of your lifestyle estate. Our goal is to put your residents at ease while we carry out our work on site, and our managers regularly reinforce training to ensure that our staff stays up-to-date with the latest techniques and best practices.

At Tsebo, we employ the Science of Cleaning and Hygiene, with a continuous focus on infection prevention. Our comprehensive cleaning and hygiene solutions include:
